

MISR Level 3 Joint Aerosol Product Quality Statement October 15, 2012

Authors:

Mike Bull / Jet Propulsion Laboratory, California Institute of Technology

Quality Designator:

• Stage 3 Validated: all parameters

MISR maturity level definitions

INTRODUCTION

This statement applies to the MISR Level 3 Joint Aerosol (JOINT_AS) product (versions F01_0001 and later).

Readers are also advised to consult the <u>Data Product Specifications</u> and Level-3 Joint Aerosol Algorithm Theoretical Basis Document (not yet available).

OVERVIEW

The Joint Aerosol product provides a monthly global statistical summary of MISR Level 2 aerosol optical depth retrievals on a 5 degree geographic grid.

PRODUCT MATURITY

The Joint Aerosol product is directly derived from the Level 2 Aerosol optical depth product and therefore inherits its Stage 3 Validated maturity level.

EXPECTED PRECISION/ACCURACY

Please see the Level 2 Aerosol Quality Statement
